

# Captivating YACHTS

FIVE STARS · THREE YACHTS · ONE WORLD

Taxido eferies

## Setting a course to follow the stars and your desires.

*I*t was the longing for far away places that pushed man to build ships and explore the world. It was the sail that helped mankind discover distant shores, and white sails have propelled SEA CLOUD CRUISES, since the legendary SEA CLOUD was the first yacht in our small, exclusive fleet. Today, the two windjammers SEA CLOUD and SEA CLOUD II cruise in the world's finest sailing waters, while our river yacht, the RIVER CLOUD II, glides through the scenic heart of Europe.

Once, the stars guided a ship on its way. Now, they are a mark of class and style and show just how close to heaven you can feel. At SEA CLOUD CRUISES, it is our fervent desire to constantly reach for the stars that determines our course. The atmosphere on board will fire your imagination, and the maritime character of an elegant private yacht allows you to follow that inspiration. The emphasis is on relaxed conviviality rather than on formal etiquette. It's a freedom that our international guests particularly enjoy. This special approach to life on board is also evident in your cabin, in our first-class cuisine and in our attentive, discreet level of service. It is a course that combines our pursuit of perfection with our passion for the exceptional. For your own magical moments on our graceful yachts: arrive, switch off, savour.

## Atmosphere

The wind singing in the rigging, the fresh sea air and a broad horizon – on a windjammer, the wonders of nature are all around, and the sea will soothe your soul. On a river yacht, the world is always close at hand, but the moment you leave the river banks, time itself seems to move at a contemplative pace. For unforgettable experiences: immerse, relax, unwind.

## Character

Each ship in our fleet has its own personality and charm, yet all the ships share the same unique character. This can be seen in treasured details and on expansive decks with warm teak and polished brass. Thanks to the cordial crew, the exclusive becomes just that bit more special. The maritime way of life becomes a symbol of the genuine: stylish, timeless, exceptional.

## Hospitality

Because pleasure means something different for each guest, our crew have developed a sixth sense that allows them to deliver personal, attentive service. They are always there when you need them, but seem invisible when you are enjoying the company of companions or simply relaxing. The art of providing culinary delights is evident in a new way and it is done to the same exacting standard, every hour of the day. In a few words: creative, exquisite, excellent.

## Tradition

We have decided to stay small and exclusive, remaining true to our philosophy and values. Nowhere is tradition more evident than on our two windjammers. The crew climb the rigging, the sails unfurl and the spectacle of true sailing begins. The destination becomes blissfully secondary when a majestic windjammer sets off: breathtaking, exhilarating, magnificent.

## Horizons

Small ports, idyllic spots to drop anchor and places of major historical significance are the canvas for the unique experience of a windjammer cruise. On board the river yacht, the ports are both destinations and scenic backdrops at the same time. Picturesque landscapes start at the yacht's rail, and exciting cities await outside your cabin. Our excursions set standards, and experts set the tone on themed cruises: individual, inspiring, enriching.

## The SEA CLOUD: the greatest windjammer legend of all time.

In 1931, the millionaire couple Edward Hutton and Marjorie Merriweather Post fulfilled a dream by building the SEA CLOUD, a sailing ship that was to eclipse everything that had gone before. They created a private yacht which combined her extravagant style with his passion for sailing; a windjammer made for a life of glamour. The deck of the SEA CLOUD was therefore always a social scene as well as a personal retreat at sea.

Beautiful wood, marble fireplaces, golden swan taps – wherever you turn, you encounter the stuff of legends and little reminders of world history. Every time you tour the deck, you get a unique sense of what has made up countless private stories. Yet the fascination of the SEA CLOUD is more than just a biography you can see and touch.

Everyone who encounters her feels her majestic pride and is enchanted by her captivating beauty. On board, you know that time and times are of no importance. Her incomparable atmosphere draws everyone under her spell from the very first moment.

The SEA CLOUD is and will always remain the greatest windjammer of all time and the true highlight of every journey.

## The RIVER CLOUD II river yacht: in a class of its own.

Her sister ships cruise under white sails to four continents – grand, majestic and exceedingly elegant. Our RIVER CLOUD II feels more at home in the Old World. She glides along the most beautiful rivers in the heart of Europe, offering unique and unsurpassable experiences.

She sails with Mediterranean charm through the waterways of Belgium and the Netherlands and along the Rhine, Moselle, Main and Danube rivers. She sets a romantic course and interprets the maritime nature of our tall sailing ships in her own unique way – exclusive, elegant and completely relaxed. Discover life on board at your own leisure – watch the world go by from the comfortable lounge or on the spacious decks. A natural, informal way of socialising replaces traditional formality. Our international guests appreciate a sophisticated form of entertainment. We ensure there is a great deal of variety but always in the same spirit – whether it is performed by select artists or interesting lecturers.

Our accomplished 5-star style is personal and individual, and at the same time very special. By the time the crew have cast off, you can leave your everyday life far behind.
